# Master in International Economics and Public Policy (MIEPP)

Why study the MIEPP?

#### The international environment influences our lives:

- Through goods, services, financial, and labor markets
- Through international cooperation and international crises
- By influencing political discussions and decisions

#### Policymakers are confronted with important trade-offs:

- Stability vs. dynamism
- Openness vs. predictability
- Distributive justice vs. efficiency

## The success of companies depends on important strategic decisions:

- Presence on international goods and services markets
- Designing international value chains
- International investment and finance
- Pricing policies and the management of economic and exchange rate risks
- Designing corporate structures and incentive systems

#### These topics are at the core of the

Master's program in

## International Economics and Public Policy

(MIEPP)

#### **Program profile**

- International outreach in terms of contents, structure, and student body
- Research-based education: Faculty active and visible in the international scientific community
- Application-oriented approach: Focus on topics that are relevant at the policy, society, and firm level
- Interdisciplinary approach: Close contact to other social sciences

#### **Program structure**

Core modules

- Research and Teaching
- International Trade, Development and Growth, Advanced Macroeconomics, Principles of Public Economics

- Mathematics (only in German)
  - →Analysis I, Linear Algebra and Geometry I, Numerics, Stochastics
- Political Science (Module: International Policy)
- Psychology (only in German)

#### **Semester Abroad**

- 3<sup>rd</sup> semester (winter semester) well-suited for a stay abroad e.g. in the context of the **Erasmus+ program**
- Recognition of academic achievements by the JGU administration (for courses with similar content and comparable level/extent of work)
- Application typically in November for the winter semester of the following academic year

#### **Master's Thesis**

- In-depth exploration of a specific research question
- Duration: 4 months
- Master's thesis can be written in cooperation with a company or an (international) organization.

#### MIEPP... and then?

#### Skills acquired:

- Lectures and seminars → Comprehensive expertise in economics with a focus on various policy applications
- Quantitative and empirical focus → Strong analytical skills
- International outreach → Language proficiency and intercultural competence

#### **Career opportunities:**

- Private sector (companies with strong international orientation and/or quantitative focus, banks, consulting firms, etc.)
- Public sector (ministries, central banks, KfW, Destatis, etc.)
- International organizations
- Universities (academic career)

#### MIEPP... and then?

#### Career opportunities: Where are MIEPP graduates employed?

- International Monetary Fund (IMF)
- Commerzbank AG
- Deutsche Bundesbank
- thyssenkrupp Materials trading GmbH
- Statistisches Bundesamt (Destatis)
- KfW IPEX-Bank
- · Lufthansa AG
- SAP Global Communications SE
- Ministerium für Wirtschaft, Verkehr, Landwirtschaft und Weinbau Rheinland-Pfalz
- Capgemini Invent
- International Rescue Committee Deutschland
- BASF AG
- Hessisches Ministerium der Finanzen
- European Commission
- ..

#### Wrapping up: Why study the MIEPP?

- Solid training in economics with an interesting and relevant thematic focus, combined with high flexibility
- Committed, research-active, and internationally visible faculty
- Stimulating, interdisciplinary environment of JGU and GSME
- International composition of the student body
- Dynamic economic and economic policy environment in the Rhine/Main area (ministries, central banks, Destatis, international companies)
- High reputation of the program among public institutions and private companies
- Successful career paths of former MIEPP students (see testimonials at <a href="https://www.master.economics.uni-mainz.de/why-miepp/students-testimonials/">https://www.master.economics.uni-mainz.de/why-miepp/students-testimonials/</a>)

#### The application: Requirements

#### **Most importantly:**

- Interest in the topics covered by the MIEPP
- Intellectual curiosity
- Enthusiasm

#### **Furthermore:**

- Bachelor's degree in Economics, Business Administration, or a related field.
   Essential: Fundamentals in Economics, Mathematics, and Statistics.
- Application with 135 ECTS credits (i.e. before completion of bachelor's degree) is possible.
- Proficiency in English.
- Motivational letter (in English).
- Brief resumé (in English).

#### **English proficiency: Minimum level B2**

Certificate (not older than 3 years!) e.g., through...

#### **TOEFL Test**

- Internet-based test (iBT)
- Revised paper-delivered test

**IELTS Academic** 

**FCE** 

. . .

More information about the tests (Which ones? Minimum requirements? Where? How? ...) available on our website (www.master.economics.uni-mainz.de/admission-requirements/).

#### The application process

#### Online application via Jogustine at <a href="https://jogustine.uni-mainz.de">https://jogustine.uni-mainz.de</a>

Note: An application is possible as soon as 135 ECTS from the bachelor's degree can be documented.

Application deadline for the winter semester 2025/26:

May 15, 2025.
